

Dash and Dot: Adventures in Robotics

Saturday, February 11

11:00 am

Grades 3 – 6

Dash is a robot from Wonder Workshops that is programmable, educational, and fun. Staff from the Science Museum of Long Island will show you how Dash can be programmed to complete a variety of challenges and activities including sending a message, telling a joke, navigating an obstacle course, and more. Join us for an adventure!

Please register online at www.glencovelibrary.org or call the Library at 516-676-2130.
