Pledge to Combat Underage Drinking and Substance Abuse of Any Kind in Our Home

We are proud to be responsible members of the Glen Cove Community.

As such, each member of our household has, after appropriate discussion, agreed to make the following commitment. We pledge to our community, to our neighbors, and to each other that our home will be an environment in which underage alcohol use is not permitted and in which substance abuse of any kind by any member of the family will not be tolerated. Further we affirm that our home is and will always be a safe location for children and young people to visit. In recognition of this pledge, it is our intention to proudly display a "SAFE Home" decal in a prominent location on our property.
