New Business

Trustee Juarez wanted to know how donations are handled through the district. Attended a PTA meeting on November 8th at the middle school where they stated they don't have any bleachers. We need guidance on how to support to get something that is beneficial for the kids.

Unfinished Business

Trustee Juarez wants a stamping system to monitor paperwork that comes into the district so that the community doesn't think that the board is not moving something forward.

Trustee Nedbor-Gross forwarded her board of education brochure with revisions to the board president. Have we done anything with SCOPE Education looking for suggestions on nominations in various categories of positions in the district? Can you clarify the policy of flyers/invitations that are being distributed in our schools as some questions have come up. We had discussed changing the format of our meetings where the committee reports take place once a month.

Trustee Huggins thinks that Trustee Nedbor-Gross is referring to the item that he forwarded a few weeks ago about a local charity fundraiser that we were questioning. Also birthday party invitations that go home when the entire class isn't invited. I don't see a board policy in place so how do we go about handling it? Do we have nothing given out or mandate that an entire class be invited? Not sure if it's a building by building decision or is it something that we have to look into. There are have and have not's in classrooms so that kids aren't feeling sad that they were excluded.

Trustee Juarez stated that for adults being excluded might not be a big deal but for a child it's a huge deal.
