2. COVID-19 UPDATE

The meeting commenced at 8:23 pm.

Dr. Maria Rianna is in discussions with teachers as to what September is going to look like. Safety protocols including distancing will continue. The district is always waiting for the next executive order from the Governor and will implement those executive orders based on our facilities, enrollment and practices to insure the safety of our entire school community. Masks will continue to be worn when inside and can be removed when outside for now.

Teachers have identified students that have had significant learning loss due to the pandemic. Those students will be receiving 1 1/2 hours of instruction in both English and math over the summer. This will be four days a week for five weeks (from July 6th - August 5, 2021). We also have preliminary data and statistics as to how instruction was given and received by our students and we can make decisions with that information as to how we'll be able to enhance some of the instruction and the growth of our students with recommendations of additional programs to be put in place. The stimulus grant is not just for this year to help with learning loss. It's to be spread over the next three years. Mental health will be a part of the social emotional learning piece also.
